## CONGRESSIONAL RECORD — HOUSE

October 14, 1972

amended by striking out "March 31, 1973" and inserting in lieu thereof "May 15, 1973".

The motion was agreed to.

The SPEAKER. The Clerk will report the last amendment in disagreement.

The Clerk read as follows:

Senate amendment No. 84: Page 52, line 84, insert:

SEC. 1102. Each department, agency, or corporation shall report to the Congress no later than July 31, 1973, the total amount of appropriated funds used for the support (direct or indirect) of executive dining rooms or similar facilities during the fiscal year ending June 30, 1973.

MOTION OFFERED BY MR. MAHON

Mr. MAHON. Mr. Speaker, I offer a motion.

The Clerk read as follows:

Mr. MAHON moves that the House recede from its disagreement to the amendment of the Senate numbered 84 and concur therein.

The SPEAKER. The gentleman from Texas is recognized.

Mr. HALL. Mr. Speaker, will the gentleman yield?

Mr. MAHON. I yield to the gentleman from Missouri.

Mr. HALL. Mr. Speaker, I just want to say that I appreciate the work that is done, and particularly the work that has been done, under pressure, in order to bring this supplemental appropriation bill before the House.

I voted against the supplemental appropriation bill. I believe I was one of only about 15 that did. In principle, so-called deficiencies should be better and more promptly handled by both the executive branch and the Congress.

There are many areas here that were deficiencies and did need supplemental help. But it is almost unconscionable, Mr. Speaker, whether we do it in the name of comity with the other body, or whether we do it with our eyes wide open, that we would grant in this supplemental bill, in the blessed name of "deficiency," a new Senate Office Building, plus new land acquisition, when they already have over seven offices each over there not to mention the hideaway ones in the Capitol out of which to run; and where they can put together staff for any one of the 100 or less—and I say less because there has never been, to my knowledge, 100 on the floor at any one time—to run for any high office that they may choose. They get most of their entire staff or equipment at the taxpayers' expense, then added to this there is additional land acquisition for garages—and notably for the last 12 years since I have been here they have always had extra garage space. I must say that by comity they have let House Members park their cars who did not mind walking across the Capitol, and I have parked my car in the Senate garage to get it out of the weather.

Finally, when we are approving here at great expense to the taxpayers the final purchase of old Providence Hospital grounds down there to make a green park and hold in abeyance for the Page School, and all the other flowery language herein—I cannot be charitable about all these expenditures at the sacrifice of the Nation's taxpayers, and whether it was in technical disagree-

ment and we acceded or whether we acceded with amendment or not, the fact is that we are permitting excessive expenditures here and now.

So far as this particular request for this specific unanimous-consent request is concerned, I withdraw my reservation of objection.

The SPEAKER. The question is on the motion offered by the gentleman from Texas.

The motion was agreed to.

A motion to reconsider the votes by which action was taken on the several motions was laid on the table.

## GENERAL LEAVE

Mr. MAHON. Mr. Speaker, earlier in the afternoon I asked unanimous consent that all Members be permitted to revise and extend their remarks on the conference report and on the various amendments which have been considered, and I would like to expand that unanimous-consent request to include tables and extraneous material.

The SPEAKER. Is there objection to the request of the gentleman from Texas?

There was no objection.

## ADDITIONAL LEGISLATIVE PROGRAM

(Mr. BOGGS asked and was given permission to address the House for 1 minute, and to revise and extend his remarks.)

Mr. BOGGS. Mr. Speaker, I take this time to supply for the benefit of the Members who are interested a list of four bills, and the description thereof, which will be added to the Suspension Calendar, from the Committee on Ways and Means list which was filed last week.

The four bills are as follows:

H.R. 7175, equipment and repair for U.S. vessels;

H.R. 12991, copying shoe lathes;

Mr. ECKHARDT. Mr. Speaker, I make the point of order that a quorum is not present.
